

Fidalix Internship

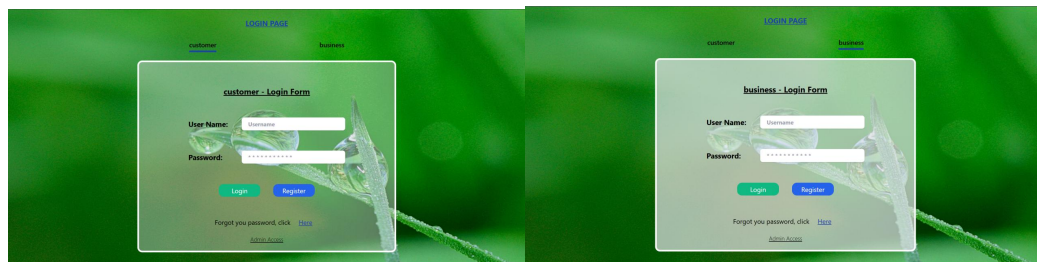

User Guide

About the project:

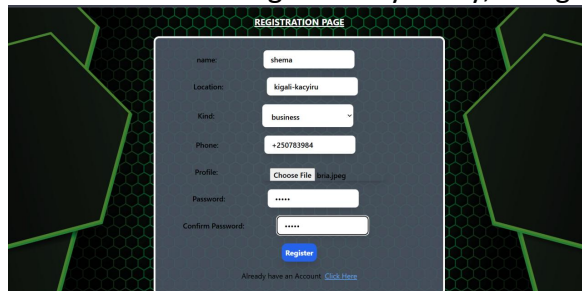

I Bruno Shema, built a delivery website. For my internship as of 2025 july- 2025 August. I worked on it as fullstack. It is designed for user friendly guide in making an online delivery, in an instance. Here bellow 's a complite guide on what is to be done.

Login

Well comed by a login page ; a user with an account can directly login based on which kind of account; be a customer or a given shop that provides the delivery services.

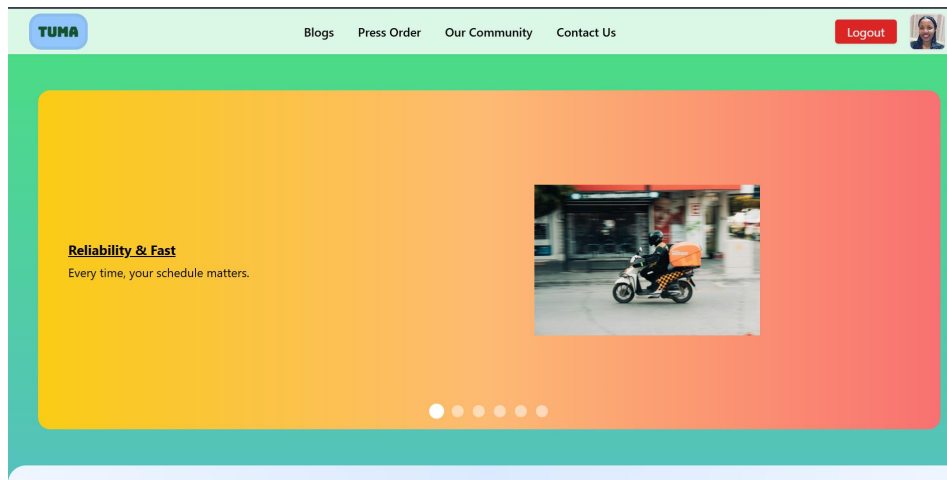

For new usersthe register very easily, along with a profile picture.

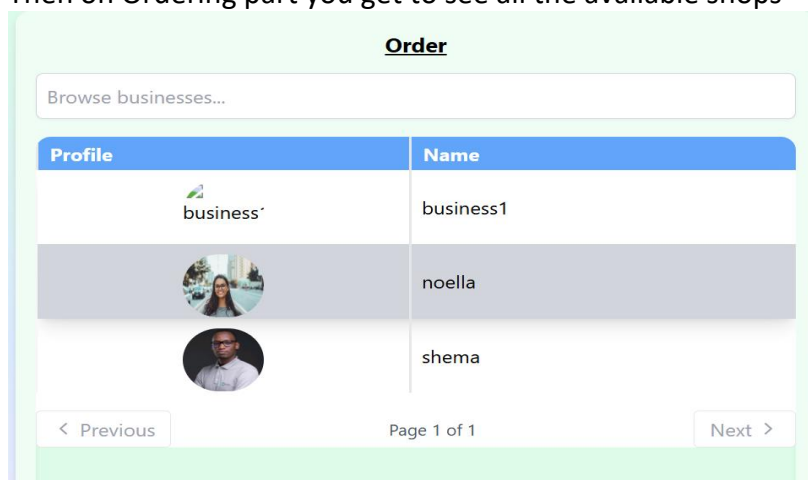

Home || customer page

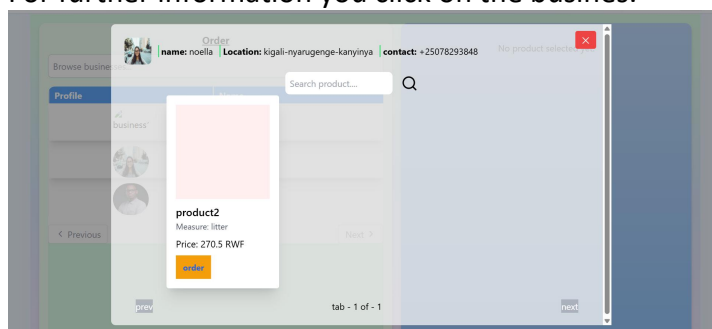

You are greeted with a navbar and hero section showing website's services.

Then on Ordering part you get to see all the available shops

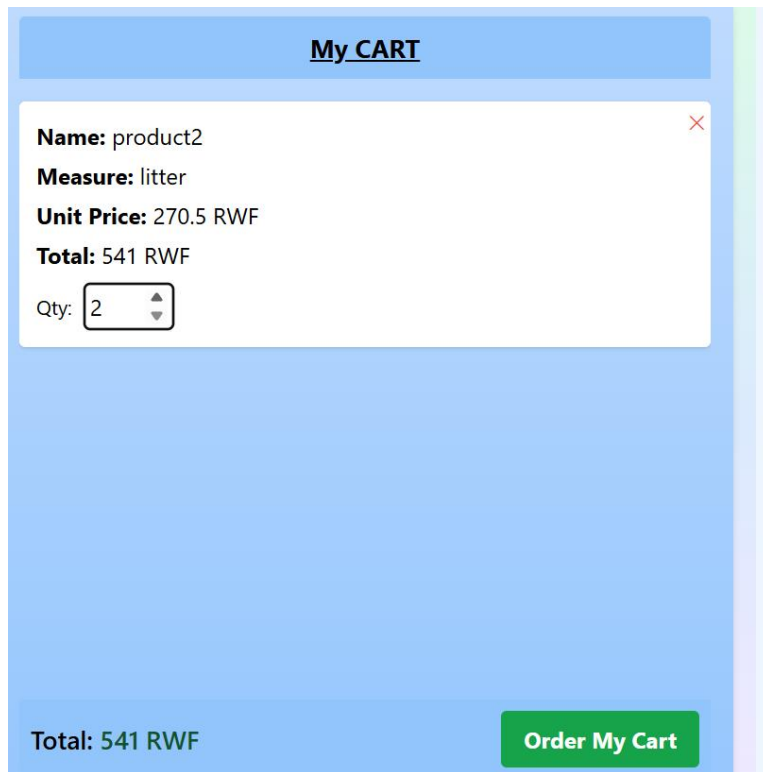

For further information you click on the busines.

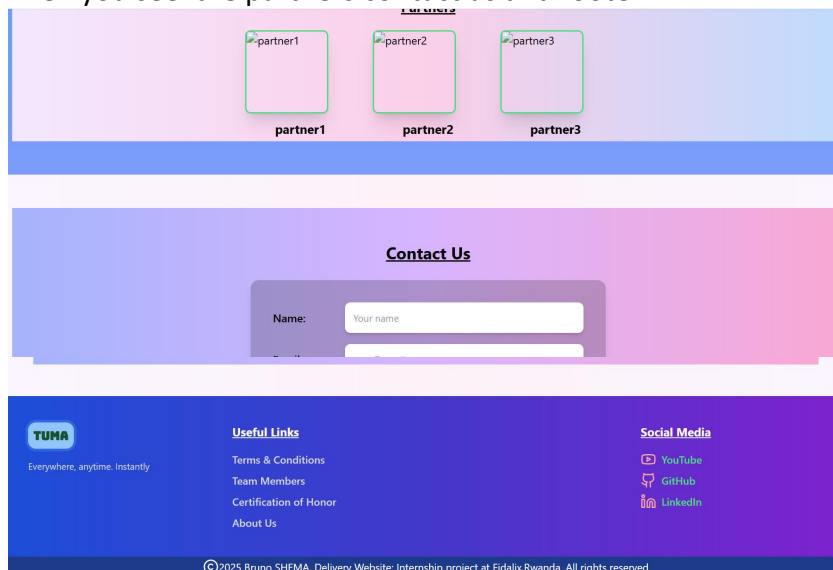

Then you chose a product of your liking in the available products, then add it to your card with “order” button.

On the cart you can change the price , then order all items in your cart.

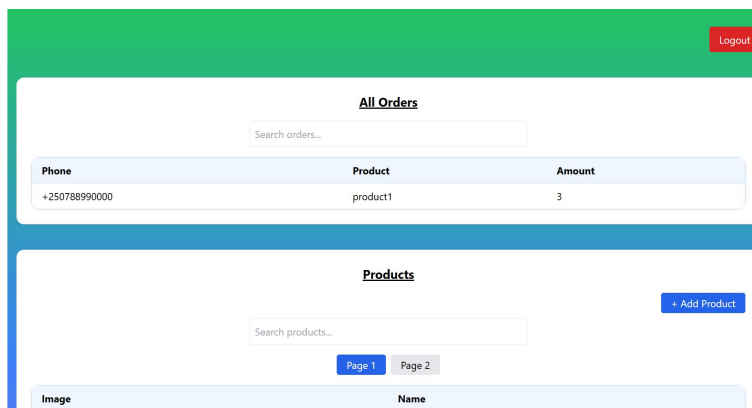

Then you see the partners contact us and footer

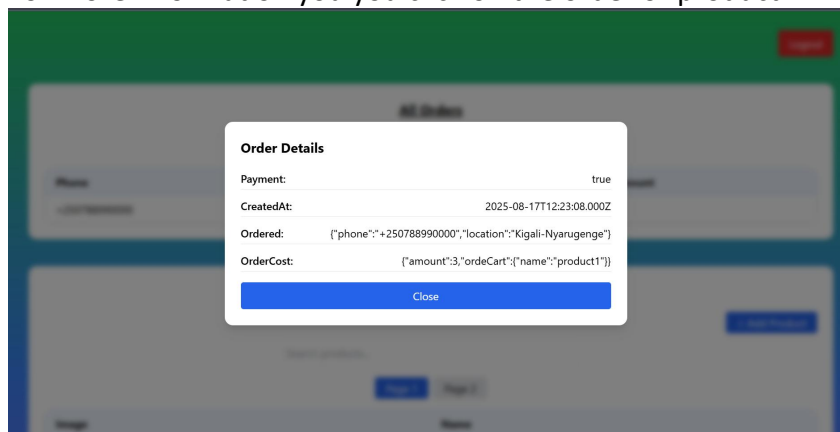

Business

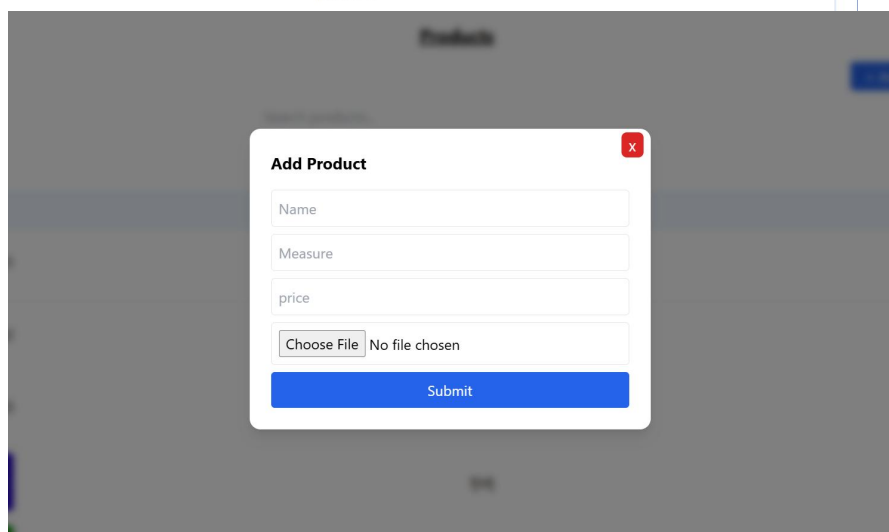

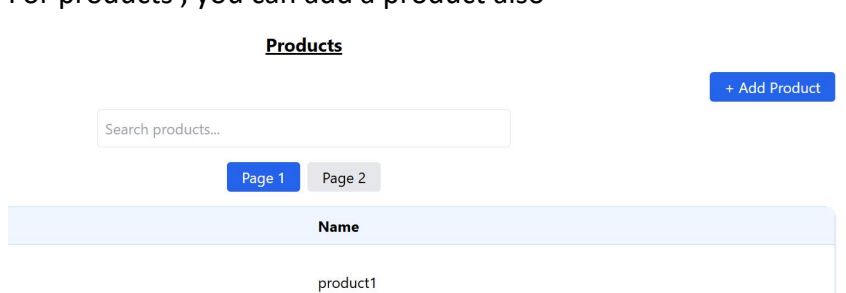

You directly have access to the orders and products made to your business (shop)

For more information you click on the order or product:

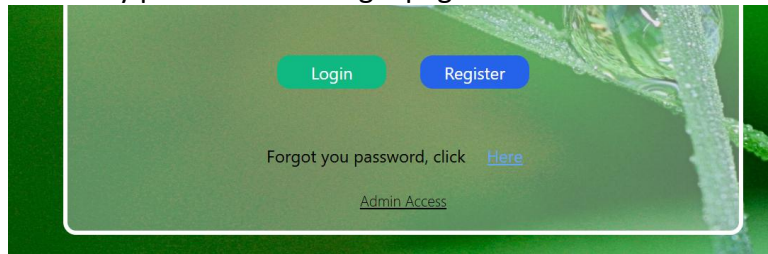

For products , you can add a product also

Admin

This section is for administrative work only.

The entry point is on the login page.

After entering the appropriate key.

You are navigated to the admin page.

First thing you see users, and for further information you click to a given user.

A screenshot of the admin dashboard. The top section is titled 'Users' and has a 'LogOut' button in the top right. Below the title is a search bar and pagination for 'Page 1' and 'Page 2'. A table lists users with columns 'Name', 'Location', and 'Phone'.

Name	Location	Phone
customer1	Kigali-Nyarugenge	+250788990000
business1	Kigali-Nyarugenge	+250777999800
delivery1	Kigali-Nyarugenge	+250788559800
bruno	Anywhere	+25909343049
noella	kigali-nyarugenge-kanyinya	+25078293848

Below the table is a section titled 'History' with another search bar. A modal window titled 'Details' is open, showing information for a user with Id: 1.

Details

Id: 1
Kind: customer
Name: customer1
Location: Kigali-Nyarugenge
Phone: +250788990000
Profile_path: ./public/image/customer1
Password: customer1

Close

After the history you have also partners:

History

Search...

OwnerName	ShopName	DeliveryStatus
customer1	business1	ordered
business1	noella	pending
delivery1	-	received

Partners

Search...

Profile	Name
 partner1	partner1
 partner2	partner2

Also for further actions you click on a given partner and see the permitted action.
